The final protocol [15 copies] should be submitted by each student to Director's Office on or before **20th October 2014** for onward submission to the Faculty of Medical Sciences after convening Institute Ethical Committee meeting. No extension of dates will be provided to the students since Faculty of Medical Sciences [FMS] has already issued a letter informing that the last date of submission of thesis/protocol to FMS would be by the end of October 2014.

This issues with the approval of the Competent Authority.
