RADIOLOGY FORUM

It is proposed to extend the scope of the Radiology Forum of our Journal by inviting our readers as well as other workers in the field of Respiratory Medicine to submit brief report of patients with interesting clinical and radiological features for publication. These will be published, provided that:

1. The condition is of sufficient clinical and radiological interest;
2. Photographs (10cm×8cm) are of excellent quality for printing (Maximum: 4 photographs);
3. The diagnosis in each case has been confirmed; and
4. The chest radiograph is accompanied by brief clinical account, not exceeding two page typescript (with sub-head: Clinical Summary, Investigations, Diagnosis, Discussion and References)

All the material received for publication under the Radiology Forum section will be evaluated to judge the suitability for publication by our peer-review experts panel.

Editor-in-Chief

Full text articles published in IJCDAS from July-September 2003 onwards can be accessed online on Internet through the following sites

Clinical Trials Registry-India

A Clinical Trials Registry-India has been set up jointly by the Department of Science and Technology (DST), World Health Organisation (WHO) and Indian Council of Medical Research at the National Institute of Medical Statistics (NIMS), New Delhi. This Registry will provide a platform for registration of all clinical trials. The objective of the Registry is to establish a public record system by registering all prospective clinical trials of any intervention (drug, surgical procedure, preventive measures, lifestyle modifications, devices, educational or behavioural treatment, rehabilitation strategies and complementary therapies) conducted in India involving human participants. The Registry will be made publicly available on the internet at no cost. The website of the Indian Registry is www.ctri.in.

ICMR-NIC Centre for Biomedical Information, designated as 17th International MEDLARS Centre or Indian MEDLARS Centre (IMC), offers medical professionals/researchers/medical library professionals with:

- **IndMED database:** Free access to bibliographic information from over 70 Indian peer reviewed Indian biomedical journals.
- **medIND database:** Unlimited free access to full-text of select peer reviewed Indian biomedical journals. This database includes IndMED journals as well as prominent Indian journals covered in Medline.
- **Union Catalogue of Biomedical Periodicals:** Free access to journals' holdings data from over 188 libraries across India. Helps in locating journals in libraries and is searchable by journals' name or library names.
- **OpenMED@NIC:** Free access to open access archive for Medical and Allied Sciences. Free registration for authors/owners to self-archive their scientific and technical documents.
- **Training Programme:** Training offered to medical professionals in "Biomedical Information Retrieval". Covers information retrieval techniques to search Web resources in an effective and efficient manner.
