38TH WORKSHOP ON RESPIRATORY ALLERGY: DIAGNOSIS & MANAGEMENT

Organized by

VALLABHBHAI PATEL CHEST INSTITUTE

University of Delhi, Delhi - 110007

National Center of Respiratory Allergy, Asthma & Immunology

in collaboration with

Institute of Genomics and Integrative Biology

Near Jubilee Hall, Mall Road, Delhi - 110007

DATE

18-22 March, 2013

VENUE

**PAINTAL MEMORIAL GOLDEN JUBILEE AUDITORIUM
V.P. CHEST INSTITUTE, UNIVERSITY OF DELHI, DELHI**

You are well aware that there is an ever increasing number of patients seeking advice for respiratory allergy and related problems. Many of these conditions can be improved with appropriate advice and treatment reducing unnecessary suffering. VP Chest Institute in collaboration with Institute of Genomics and Integrative Biology is organizing the "38th Workshop on Respiratory Allergy : Diagnosis and Management" during 18-22 March, 2013. The topics are chosen to give up-to-date basic information about respiratory allergy and related conditions and the practical skills involved in their management. Hands on training in allergy testing, PFT and laboratory investigations related to respiratory allergy will be provided at the Workshop.

Medical professionals working /with interest in respiratory allergy and applied immunology are the target group of this Workshop. Minimum eligibility is "Medical graduates with PG qualification in Medicine/ Pediatrics/ENT/Pulmonary Medicine".

Please send in your biodata along with a copy of qualification certificate to Dr. Rajendra Prasad or Dr. Raj Kumar by 15 February, 2013. Selected candidates will be intimated for remittance of registration fees.

Clinical Trials Registry-India

A Clinical Trials Registry-India has been set up jointly by the Department of Science and Technology (DST), World Health Organisation (WHO) and Indian Council of Medical Research at the National Institute of Medical Statistics (NIMS), New Delhi. This Registry will provide a platform for registration of all clinical trials. The objective of the Registry is to establish a public record system by registering all prospective clinical trials of any intervention (drug, surgical procedure, preventive measures, lifestyle modifications, devices, educational or behavioural treatment, rehabilitation strategies and complementary therapies) conducted in India involving human participants. The Registry will be made publicly available on the internet at no cost. The website of the Indian Registry is www.ctri.in.
