C I R C U L A R

The Institute is preparing an updated **STCC Calendar** for the period from **April 1, 2026 to March 31, 2027**. This calendar will include all courses listed in the *Short-Term Certificate Courses* section of the Course Information Booklet. Its purpose is to help Course Coordinators plan schedules properly and meet training requirements.

All Course Coordinators/Faculty-in-Charge are requested to send the **tentative dates** of the courses or training programs they plan to conduct during this period. A draft calendar is attached for reference.

The STCC Calendar will help avoid overlapping of courses, ensure timely advertisement, manage lecture hall availability, and improve overall scheduling. Therefore, please provide the **start and end dates** of each course/program. Also inform about any changes in courses.

The last date to submit the tentative course dates is April 25, 2026. Your timely response is requested.

Thank you for your cooperation.

Dr. Uma Tyagi
Librarian & Nodal Person
