ABOUT THE INSTITUTE

The Vallabhbhai Patel Chest (VPCI) is a post graduate medical institution devoted to the study of chest diseases. It is located in the Delhi University main campus providing the requisite academic environment in which a wide range of scientific facilities are available in various departments along with an excellent institute Library.

The main objectives of VPCI has been to conduct research on basic and clinical aspect of chest medicine, to train post graduates in pulmonary medicine and allied subjects, to develop new diagnostic technology and disseminate it to other institutions in the country and to provide specialized clinical and investigation services to patients.

The VPCI is a maintained Institution of University of Delhi and is fully funded by the Grants-In-Aid received from the Ministry of Health and Family Welfare, Government of India.
