

Department of Physiology

S. No.	Date	Topic	Name of the student
1	05/01/2015	CNS Introduction- Sensory and Motor System	Theory Discussion
2	07/01/2015	Obesity and its health effects	Dr. Raman Ghai
3	12/01/2015	Types of Synapses & Synaptic Transmission	Theory Discussion
4	19/01/2015	Somatic Sensory Pathways (Pain, Temp & Tactile Sensations)	Theory Discussion
5	21/01/2015	Journal Club	Dr. Preeti Solanki
6	02/02/2015	Special Senses (Taste, Olfactory & Auditory Pathways)	Theory Discussion
7	04/02/2015	Geriatric Physiology	Dr. Ruby Stella R
8	09/02/2015	Special Senses (Visual Pathways & Central Processing)	Theory Discussion
9	16/02/2015	Organization of the Motor system- Spinal Cord Reflexes	Theory Discussion
10	18/02/2015	Journal Club	Mr. Ravindra Sharma
11	23/02/2015	Extrapyramidal system & its functions	Theory Discussion
12	02/03/2015	Pyramidal Tract & its Motor functions	Theory Discussion
13	04/03/2015	High Altitude Physiology	Dr. Raman Ghai
14	09/03/2015	Muscle Sensory Receptor Muscle Spindle & Golgi Tendon Organs	Theory Discussion
15	16/03/2015	Autonomic Nervous System-I	Theory Discussion
16	18/03/2015	Journal Club	Dr. Vishal Jain
17	23/03/2015	Autonomic Nervous System-II	Theory Discussion
18	30/03/2015	Regulation of Tone & Posture- Cerebellum & Vestibular Apparatus	Theory Discussion
19	01/04/2015	Physiology of fetus, neonate & childhood	Dr. Ruby Stella R
20	06/04/2015	Action Potential of the nerve, Propagation of the nerve impulse, Peripheral nerve damage	Theory Discussion
21	13/04/2015	Neuromuscular Transmission, Excitation-Contraction Coupling, Skeletal Muscle Contraction	Theory Discussion

22	15/04/2015	Journal Club	Dr. Preeti Solanki
23	20/04/2015	Organization of GI system & GI Secretions	Theory Discussion
24	27/04/2015	Digestion & Absorption of Carbohydrates, Proteins & Fats	Theory Discussion
25	06/05/2015	Lung Volumes & Capacities	Dr. Raman Ghai
26	11/05/2015	Gastrointestinal Motility & Physiology of Gastrointestinal Diseases	Theory Discussion
27	18/05/2015	Organization of Respiratory system, Mechanics of Breathing	Theory Discussion
28	20/05/2015	Journal Club	Dr. Vishal Jain
29	25/05/2015	Lung Volumes & Capacities, Ventilation & Pulmonary Circulation	Theory Discussion
30	01/06/2015	Diffusion of Gases, Oxygen & Carbon Dioxide Transport	Theory Discussion
31	03/06/2015	Endocrinal control of calcium metabolism & bone physiology	Dr. Ruby Stella R
32	08/06/2015	Chemical & neural regulation of Respiration, applied respiratory physiology	Theory Discussion
33	15/06/2015	General principles of endocrinal system, measurement of hormones	Theory Discussion
34	17/06/2015	Journal Club	Dr. Preeti Solanki
35	22/06/2015	Thyroid and Parathyroid gland	Theory Discussion
36	29/06/2015	Pancreas and its secretion	Theory Discussion

Dr. K Ravi
Prof. & Head
Dept. of Physiology
V.P.C.I.
