SUBJECT: JOIN THE PLASTIC CLEAN-UP DRIVE

As we approach World Environment Day, a day dedicated to raising awareness and taking action for the protection of our planet, we are thrilled to announce a **Plastic Clean-Up Drive organized by our Institute under the 'Mission Life' activities on 02/06/2023 from 10:30 AM to 11:30 AM**. We invite all our employees to actively participate (near gate no. 1) in this initiative and make a significant impact on preserving our environment.

Purpose of the Clean-Up Drive: Plastic pollution has become a pressing global issue, with devastating effects on our ecosystems and wildlife. To address this challenge, we are organizing a Plastic Clean-Up Drive as part of our commitment to sustainability and corporate social responsibility. By actively participating in this event, we can contribute to reducing plastic waste and promoting a cleaner and healthier environment for ourselves and future generations.

Activities:

- ✓ Collection and Segregation: We will provide gloves, garbage bags, and other necessary equipment for collecting and segregating plastic waste.
- ✓ Clean-Up Route: Teams will be assigned specific areas or routes within our institute's vicinity to focus on collecting plastic debris.
- ✓ Educational Campaign: Alongside the clean-up activities, we will conduct educational sessions to raise awareness about the importance of reducing plastic usage and the impact of plastic pollution on our environment.
- ✓ Recycling and Disposal: Collected plastic waste will be properly sorted and sent for recycling or disposed of responsibly.

Safety Measures: We prioritize the safety and well-being of our employees. Adequate safety measures will be implemented, including the provision of gloves and hand sanitizers. Social distancing protocols and other COVID-19 guidelines will be strictly followed.

Let us come together as a united team to make a positive impact on our environment. Every small effort counts, and together we can create a cleaner and greener future.
