Sub.: - Participation in Surveys of the National Task Force on Student's Mental Health and Suicide Prevention.

The University Grants Commission (UGC), vide its communication dated 28.10.2025, and the National Task Force on Student's Mental Health and Suicide Prevention under the Ministry of Education, have launched a series of surveys to gather essential inputs from various stakeholders of Higher Education Institutions (HEIs). These surveys aim to assess the current status of mental health services, support systems, challenges, and recommendations across institutions.

In this regard, all **Faculty Members** and **Students** of the Institute are hereby informed that the respective surveys meant for them have been made available on the official portal of the National Task Force at: <https://ntf.education.gov.in/>

The surveys are intended to capture honest feedback and suggestions from stakeholders. The inputs received will contribute towards formulating effective mental health policies and strengthening support mechanisms for the academic community.

All Faculty Members and Students are **requested to participate in their respective surveys at the earliest**, so that the Institute may ensure timely compliance with the instructions issued by UGC and the National Task Force.
